Instructions for Composite Magic Photos

FULL-LENGTH (head-to-toe) photos are necessary, and your image must fully appear in the photo (no shoulders, arms, legs, etc., cut off, etc.!). All backgrounds work well with you standing in your original photos. If you are seated in your original photo, then choose a photo background with a place suitable for seating (i.e., Hawaiian Sunset, Acapulco Terrace, Jacuzzi Suite, St. Croix Lake).

For Best Results ... Keep it Lookin' Real!

You want your final photos to look natural. Photos taken **outdoors** work best in outdoor backgrounds with same approximate lighting (*sunny or shady*). Photos taken **indoors** should be placed in indoor backgrounds!
